Apple CarPlay

QUICK START GUIDE

Available on select models, Apple CarPlay seamlessly integrates your iPhone with your vehicle’s MAZDA CONNECT display, allowing you to access useful features and apps while staying focused on the road ahead.

Basic requirements
• To use Apple CarPlay, you’ll need an iPhone 5 or above.
• For best performance, it is always recommended that you update your iPhone to the latest iOS version.
• You’ll need an Apple Lightning® to USB cable or a high-quality, certified USB cable.
• Siri® must be enabled to use Apple CarPlay.

GETTING STARTED

Connect your iPhone
1. Connect an Apple Lightning to USB cable to your iPhone and the USB port labeled with a smartphone icon.
2. MAZDA CONNECT™ will detect your iPhone. If you’re a first-time user, follow the on-screen prompts to enable Apple CarPlay.
3. If you’re a first-time user, tap “Allow” on the pop-up notification displayed on your iPhone. This will allow your vehicle to access Apple CarPlay content on your iPhone without requiring you to unlock your iPhone first.
Customizing the home screen

Much like your iPhone’s home screen, you can also rearrange and customize the apps displayed on the Apple CarPlay home screen. On your iPhone, open Settings, then tap General. In General settings, tap CarPlay. Then, tap Mazda. Use the Apple CarPlay home screen displayed on your iPhone to rearrange or hide apps.
Apple CarPlay

**QUICK START GUIDE**

All Apple CarPlay functions can be performed using the multi-function Commander control or Siri® voice commands. Enter a destination, send text messages, make phone calls and more — all without having to pick up your iPhone®.

**COMMANDER BUTTON SHORTCUTS**

- Press and hold the Home button to toggle between Apple CarPlay and MAZDA CONNECT™ screens
- Press the Home button to quickly return to the Apple CarPlay home screen from inside Apple CarPlay apps
- Press the NAV button to quickly access the Apple Maps screen
- When listening to music via an Apple CarPlay app, press the Entertainment button to quickly access the Now Playing screen

**USING VOICE COMMANDS AND SIRI**

Siri replaces the MAZDA CONNECT™ voice recognition system when a compatible iPhone is connected to the smartphone-enabled USB port. Siri can be used to access many of your iPhone's functions while driving.

**ACTIVATING SIRI**

- Press the “Talk” button on the steering wheel to activate Siri. Then, say your command
- Or, while on any Apple CarPlay screen, rotate the Commander knob to highlight the white Home button. Then, press and hold the knob to activate Siri
