

ADDED PROTECTION

MORE REASONS TO LOVE THE DRIVE

Make sure that every moment behind the wheel of your Mazda is a memorable one. With Mazda Added Protection (MAP), you'll enjoy enhanced coverage for repair over and above your new-vehicle warranty. Because Mazda not only crafts vehicles that are a joy to drive, but also goes a little further to ensure a seamless ownership experience.

MAZDA ADDED PROTECTION HIGHLIGHTS

- Covers more than 350+ components
- No deductibles
- Protects you against the rising cost of unexpected repair bills after your new-vehicle warranty expires by covering many vehicle components
- If your Mazda vehicle is off the road for a MAP-covered repair for more than 24 hours, a rental vehicle is provided for up to 10 days
- All new vehicle plans include Roadside Assistance, Tire Road Hazard Coverage and OEM Collision Part GAP Coverage, for your added peace of mind
- Assurance that your vehicle is always serviced by factory-trained Technicians using Genuine Mazda Parts

CHOOSE YOUR MAP PLAN

Select the best Mazda Added Protection coverage for you.

NEW-VEHICLE PLANS CHART				
	48 MONTHS	60 MONTHS	72 MONTHS	84 MONTHS
Unlimited km	✓	✓		
120,000 km			✓	
160,000 km			✓	✓
200,000 km				✓

EVERY DRIVE IS A CONFIDENT DRIVE

Bring additional peace of mind to every drive with Mazda Added Protection (MAP). Sometimes the unexpected happens on the road, but MAP plans can smooth the way by virtually extending your new-vehicle warranty coverage. Plans cover additional repair costs on over 350 components as well as include Roadside Assistance. So you can relax and enjoy your journey even more.

COVERED COMPONENTS

ENGINE

- Internal components, seals and gaskets
- Crankshaft pulley
- Timing chain & sprocket
- Chain adjuster assembly
- Cylinder head
- Cylinder head cover assembly
- Intake & exhaust valves & guides
- Camshaft
- Cylinder block
- Crankshaft
- Main bearing
- Connecting rod & bearing
- Pistons & rings
- Balance shaft
- Engine mount
- Front cover
- Variable valve timing actuator
- Oil pan

LUBRICATION SYSTEM

- Oil pump assembly
- Oil cooler
- Oil filler cap
- Oil level gauge

COOLING SYSTEM

- Water pump assembly
- Thermostat & cover
- Radiator
- Cooling fan assembly
- Radiator cap
- Cooling fan control unit
- Cooling fan relay

FUEL AND EMISSION CONTROL SYSTEM

- Powertrain control module
- Intake manifold
- Throttle body
- Turbocharger assembly
- Exhaust manifold
- Fuel pump
- Fuel pump module
- Fuel injectors
- Fuel pump relay – FP module
- Solenoid valve assembly
- EGR valve
- Purge solenoid valve
- Main relay
- Volume/mass air flow sensor
- Crankshaft position sensor
- Engine coolant temperature sensor
- Cylinder head temperature sensor
- Oxygen sensor
- Knock sensor
- Variable Valve Timing motor
- Camshaft position sensor
- Fuel tank pressure sensor

CLUTCH

- Flywheel assembly
- Pilot bearing
- Clutch cover
- Clutch release fork
- Clutch master cylinder
- Clutch release cylinder
- Clutch pedal
- Clutch switch

ENGINE ELECTRICAL SYSTEM

- Ignition coil
- Alternator
- Voltage regulator
- Alternator drive belt tensioner
- Starter

FRONT AND REAR AXLES

- Seals & gaskets
- Front & rear drive shaft
- Inner & outer joint set (front)
- Joint shaft
- Front wheel bearing
- Front & rear wheel hub
- Rear axle bearing
- Differential assembly

MANUAL TRANSMISSION

- Internal components, seals & gaskets
- Transmission case
- Clutch housing
- Transmission rear cover
- Shift fork & rod
- Control cables
- Propeller shaft assembly

AUTOMATIC TRANSMISSION

- Internal components, seals & gaskets
- Transmission case
- Oil pan
- Oil pump assembly
- Torque converter
- Control valve body assembly
- Oil cooler
- Input speed sensor (pulse generator)
- Turbine speed sensor (pulse generator)
- Transmission control module (EC-AT)
- Transmission range switch
- Output speed sensor (pulse generator)
- Transmission fluid temperature sensor
- Hydraulic pressure control solenoid valve
- AWD (4WD) control module
- Transfer case & internal components
- Transfer case seals & gaskets

STEERING SYSTEM

- Steering shaft
- Steering gear
- Rack
- Steering pressure switch
- Electronic controlled power steering control unit
- Power steering oil pump
- Power steering electric motor
- Return pipe

WIRE HARNESS

- Engine harness
- Interior lamp harness
- Front & rear door harness
- Emission harness

BRAKING SYSTEM

- Caliper assembly
- Brake pedal
- Brake switch
- Master cylinder assembly
- Power brake unit
- ABS sensor (front & rear)
- ABS hydraulic unit
- Yaw rate sensor or combined sensor
- Parking brake lever or pedal assembly
- Parking brake cable (front & rear)
- Parking brake switch
- Parking brake motor

SUSPENSION

- Coil spring
- Mount block
- Upper arm shaft
- Upper & lower control arm with ball joints
- Lower arm bushing
- Stabilizer bar
- Stabilizer control bolt (control link) and/or rubber bushing
- Trailing link
- Lateral link (rear)
- Stabilizer control link (control rod)

HEATER AND AIR CONDITIONING

- Climate control system
- Fan switch
- Solar radiation sensor
- Passenger compartment temperature sensor
- Ambient temperature sensor
- Blower unit
- Temperature actuator
- Heater core
- Compressor assembly
- Magnet clutch assembly
- Air conditioning relay
- Thermostat (frost switch)
- Evaporator coil
- Expansion valve
- Pressure switch
- Air conditioning pipe
- Condenser
- Receiver/drier

BODY

- Lock set
- Trunk lid hinge
- Hood lock
- Trunk lid opener
- Trunk lid stay dumper
- Front & rear seat assembly
- Front seat adjuster
- Front seat belt (retractor & buckle)
- Rear seat belt
- Power seat motor & switch
- Door hinge
- Door lock switch
- Power mirrors
- Power door lock motor
- Door weatherstrip
- Keyless entry system
- Sunroof frame
- Sunroof motor
- Sunroof weatherstrip
- Sunroof switch and/or tilt switch
- Front washer tank and/or motor
- Front & rear washer nozzle

- Front & rear wiper link and/or frame
- Front & rear wiper motor
- Front & rear wiper arms
- Wiper switch
- Rain sensor
- Air bag module
- Air bag sensor
- Air bag control unit
- Clock spring
- Tire pressure monitoring system (TPMS) control module & sensor

ELECTRICAL SYSTEM - OTHER

- Auto cruise control system
- Fuse block or passenger junction box
- Body control module (BCM)
- Ignition switch
- Forward sensing camera
- Combination switch
- Hazard switch
- Rear view camera
- 360 view camera
- Power window switch
- Remote control mirror switch
- Seat warmer switch
- Headlight levelling system
- Blind Spot Monitoring (BSM)
- Meter unit (with speedometer/tachometer)
- Auto cruise control switch
- Theft-deterrent control system
- Horn & relay
- Heated steering wheel
- MAZDA CONNECT
- Audio set
- Antenna
- Antenna feeder
- Speaker
- Amplifier
- Information display
- SiriusXM® Satellite Radio antenna
- SiriusXM® Satellite Radio unit
- Navigation system
- Hands-free telephone (HF/TEL) unit or Bluetooth® unit
- Daytime running light (DRL) control unit

MAZDA ADDED PROTECTION ALSO INCLUDES:

RENTAL

You will be eligible for a rental vehicle worth up to \$35/day for up to 10 days, if your vehicle is inoperable due to a covered repair for 24 hours or longer.

TIRES

Every MAP includes no-charge tire road hazard protection on original tires as well as replacement and winter tires purchased at a Mazda dealership:

- Full replacement coverage for the first 2 years or 40,000 km
- Pro-rated replacement coverage after the first 2 years or 40,000 km to 5 years or 100,000 km coverage
- Tire repairs during the life of contract or up to 5 years or 100,000 km

See your Dealer for details.

COMPONENT PROTECTION

Mazda Added Protection covers 350+ components; plans range from 48 months with unlimited mileage and up to 7 years or 200,000 km.

NO DEDUCTIBLE

All MAP new-vehicle plans have a \$0 deductible.

ROADSIDE ASSISTANCE

Even regular maintenance can't protect you against unexpected situations. That's why each MAP includes Roadside Assistance for the duration of your coverage, including:

- Towing
- Battery boost
- Fuel delivery
- Tire service
- Lock-out service
- Winching
- Emergency travel expense reimbursement
- Travel planning

OEM COLLISION PART GAP COVERAGE

Insurance coverage does not always allow for the replacement of collision-damaged parts with Genuine Mazda Parts – instead, aftermarket or other low-cost parts may be used. With MAP, Mazda Canada will cover the cost difference between the aftermarket part and a new or remanufactured Original Equipment part to ensure your vehicle is returned to like-new condition.

Mazda Added Protection does not cover the following components: Glass, lenses, sealed beams, light bulbs, trim, moldings, bright metal, upholstery, paint, body, exhaust system (including catalytic converter), brake pads, brake shoes, brake rotors & drums, clutch linings, shock absorbers, MacPherson struts, steering rack boots, drive axle boots, inner & outer tie rod ends, batteries, spark plugs, spark plug wire sets, heater pipes & hoses, tires unless covered by Tire Road Hazard Coverage, side view mirrors, belts, external shift linkage, spare tire carrier, steel & alloy wheels, fuses, wiper blades, adjustments, water leaks, wheel balancing, wheel alignment, accessories.

BACKED BY MAZDA

Most importantly, MAP is backed by Mazda Canada and honoured at authorized Mazda Dealers in Canada and the Continental USA.

TRANSFERABLE

If you sell your vehicle, the remaining MAP coverage may be transferred to a new owner. A well-maintained vehicle with remaining Mazda Added Protection coverage can add to the resale value of your vehicle.

FINANCING

Can be included in your finance or lease contract, when you finance or lease your vehicle.

WHY MAZDA ADDED PROTECTION?

- Avoid the surprise of unexpected high-cost repairs
- You can't be without a replacement vehicle while your vehicle is in for repairs for longer than 24 hours
- You want your vehicle to be serviced by Mazda factory-trained Technicians using Genuine Mazda Parts
- You value the benefits and security of Roadside Assistance
- You'd like to help maximize the resale value of your vehicle
- You want peace-of-mind motoring

This brochure is intended to provide general information about MAP. Following publication of this brochure, certain changes may have occurred which would not be included in this brochure. See your participating Dealer for up-to-date details. Mazda reserves the right to amend the MAP at any time without incurring obligations. Illustrations used in the brochure are for graphic representation only. Repairs needed to any engine, transmission and final drive components caused by or resulting from a non-Mazda component, such as an aftermarket-installed turbocharger, are not covered. In some cases, the use of Mazda authorized remanufactured parts is required before and after the expiration of the new-vehicle warranty. See your Dealer or your Warranty Information Booklet for complete details on the new-vehicle warranty and other warranty coverage contained in the new-vehicle warranty.
